Forecast for Wednesday 29 May 2024

Weather: Heavy and thundery showers soon clear through the early hours. It will then be a largely cloudy morning with patchy light rain or drizzle. Cloud will tend to lift and break by early afternoon leaving sunny spells and showers, some of which may be heavy. Low risk of a thunderstorm briefly in the afternoon, with the main risk of thunderstorms to the east of the Lake District.

Chance of cloud-free hill tops above 800m: 30% in the morning, increasing to 70% through the afternoon.

Low cloud and visibility: Areas of low cloud in the morning with bases 500m, occasionally lower over northern and western fells with visibility falling moderate or poor in drizzle. Bases becoming scattered and lifting above summit level in the afternoon, risk of moderate visibility in any showers, otherwise good.
